

Update from Pakistan

Trinity Grace Church has received the following update from Fiaz.

5,000 copies of Milk for Little Ones in the Urdu language have now been printed and being distributed along with Christian Basics across the country.

Peace be with you in Christ Jesus.

The Lord used us the whole last week in different cities of His glory. Yesterday we went to Islamabad and preached the word of God there, Islamabad is about four hours away from our city. There we preached the word of God and this word touched many people's hearts. We gave thirty five people the Holy Bible there. Over the years we have given Bibles to thousands of people who express their willingness to receive the Bible.

I also shared our books there too. People were really amazed to know about our books. We also distributed books there. That pastor who invited us there asked for seminars on our books too. Soon we will plan to do this. We have to visit some areas in the next week as well.

I request you to remember us in your prayers. That our books touched many people's hearts.

In Jesus
