Dear Sponsors.

Junior Lopes Marengo, has lived here at House of Ants since he was 6 years old arriving back in 2014. His father abandoned him and his mother. It was when his mother became very ill, she asked House of Ants if we could look after him. Junior's mother did not survive her illness and sadly died. We don't have any details regarding his father's present location.

Junior is in class 5 schooling and also involved in the bible classes, painting and drawing. He is a happy child and loves to learn. He has a 16 year old sister, also at House of Ants.

(Rosa) Fatima Copatânia was born on the 14th of March 2013. She arrived at the House of Ants in May 2020, sent by the Social Services in view of her vulnerability. Her father suffered from mental problems and lived with the child on the streets. Since there was no record of any other dependants, it was decided to send her to House of Ants. Initially she would not speak to anyone and was very sad, but slowly in the company of other children she is now much better. We hope she can adapt to schooling in the coming school term.

We really ask for your prayers on behalf of Fatima, this is the name given to her by the Social Services, but she prefers to be called Rosa. We have also asked the Social Services to provide some v to help this girl, and be given a registry of birth document since at present there is no record that she exists.

Francisco Martins Maia is 13 years of age and came to House of Ants just as the Covid pandemic was starting. He has an older sister 24 who is unable to care for him by herself, she often had to leave Francisco on his own as she went to work. He loves it here in the House of Ants Children's Home. Another lonely boy who is learning to play with the other children. He suffers from learning difficulties, and is in class 5.

These are just three of the children that House of Ants are presently helping with their education, practical and spiritual needs. Thank you so much for all your prayers and financial support.
