

TIMOTHY TWO Project International

Greetings from Thailand in Christ Jesus

This week I had to go to Bangkok to pick up my new passport and while a taxi driver was taking me to the Hotel I conversed with him in Thai. I was amazed that I could hold a conversation in Thai and was able to share the gospel with him. Recently I memorized John 3:16 in Thai and other passages and phrases. I was overjoyed with this opportunity and although I have a far way to go there is improvement. I left him with a gospel booklet in Thai and pray God will work in his heart. The next four months will be Roxanne and my last semester full time at the language school. From July we hope only to have 2 classes a week. **Pray that we continue to improve our Thai and practise it regularly. I am also so glad that I'm able to read the Bible in Thai now, although I have to look up words regularly. At our church Matt and I are continuing in Matthew 26.** During our adult and children Sunday School we are teaching through the 1689 Baptist Confession. **Pray that there will be much fruit.** Matt has started the Thai Bible studies again and more Thai's are getting interested

in these. **Pray that we get many interested and for fruit because of these.** We hope to plant a Thai church eventually as well. We finished our first workshop in Mae Ai in February and it was exciting to teach through Romans 1-8. We had good engagement and questions from around 35 pastors. Matt and I are also going to preach at a 4 day evangelistic event in March in Mae Ai. **Pray that God would anoint our preaching. Please pray for Matt and my preparations for the workshop in Chiang Rai this month. We will be teaching on the doctrine of God to a group of pastors coming from Myanmar. I will also be teaching on the rest of Romans in April in Mae Ai. Pray for Roxanne as she continues to homeschool Nicolas.** After much prayer we decided to put Nicolas in Grade 1 at the Christian school in August and we heard yesterday that his application was accepted. There are a few positions open for volunteer teachers and Roxanne is praying about helping at the kindergarten class or other opportunities. Thank you very much for all those who gave towards Ravi's eye operation in India. It was a success. I still plan to do two trips to India this year; **pray for God's guidance when to go.** We thank God regularly for all your financial/prayer support. There are a few friends who are going to visit us this year and we are praying about buying a seven seat vehicle (We are thinking of a second hand Mitsubishi, Pajero). Also a bigger vehicle would be useful when we want to do workshops further away with visitors. **Pray that God would lead us.** God bless you. Soli Deo Gloria.
