Your donations are having direct and positive results.**

Dear UK Sponsors.

We want to greet each of you in our Saviour's name and thank you for your continued interest and support in the ministry of House of Ants.

It's encouraging to report that Pastor Balthazar is continuing to lead the Reformed Baptist church near the House of Ants. The children from House of Ants regularly attend the meetings and some of those who are now teenagers are undergoing baptismal classes with a view to being candidates for baptism. Pastor Baltazar works closely with House of Ants, also giving Bible study lessons for the different age groups of children.

Edilson

Edilson Marta is 15 years old and has many problems in his life. We are not sure of his true commitment to Christ. During the school holidays he visited some relatives who were quite a negative influence on him, which has clearly affected his behaviour. Edilson had a difficult family background, never knowing his biological father and was orphaned of his mother. His sister is a committed believer and has tried to guide him in the right paths. She was instrumental in arranging for him to come to House of Ants and continue his studies.

Whilst he is very talented and shows great potential in playing the guitar, (as well as other skills), we believe he needs a greater understanding of what being a true Christian really involves.

Our prayer is that God will continue to grant him grace and bring a real conviction in his heart to fully commit his life to serving the Lord Jesus Christ, and eventually be able to leave House of Ants with the ability to earn an honest living.

Eliote & Gentinência

In 2019 whilst a team from Brazil was visiting House of Ants, we arranged for the Brazilian photographer to go and see where Eliote and Gentinência lived and take some photographs. He came back shocked at the conditions they lived in. Later in 2021 their mother moved to another area causing them to lose a year of schooling. We contacted the Social Services and they agreed to them coming to House of Ants. They now live here and are continuing their studies here.

Warmly in our Saviour.

We do not lose heart.
