

Dear brethren,

Receive warm greetings in the Lord. It is a joy to let you informed that we had a Weekend Challenge with Kamketo Trinity Girls High School. It held on 14<sup>th</sup> – 15<sup>th</sup> this June. The school accepted our request for the two-days preaching, and we (Pastor Thomas and myself) were greatly welcomed by the school, as they well provided food for us in those two days, and in fact appreciated each of us with one thousand Kenya shillings.

Providentially, we had a prepared material to guide us in the teaching. It was about the (a) *Person of Christ, His life and work of atonement*, and (b) *The proof that it is by the grace alone, in Christ and His work alone* which the sinners shall be restored of their lost fellowship with God, not by works of the law. This division was helpful in our preaching. Pastor Thomas took the first part and then I dealt with 'How to be saved'.

*the first session, (Pastor Thomas)*

*the second session*

*the third session*

*the fourth session (pastor Thomas)*

I appreciated this labor, since we gave our best, and the Lord was gracious to enabled us to make it simple as possible for their understanding. My joy is also that some of their teachers were available throughout the sessions. The students were very encouraging because of their activeness and interest to learn the truth, they as well asked a lot of questions in regard to salvation and the personal life.

After the four – one hour each session, plus the extra lesson of questions and answers, the school requested our labor on Sunday morning, and pastor Lokerisa encouraged me to be available in that morning which eventually I preached the Christ crucified, from Isaiah 53. In addition, on Sunday, the number of Kamketo Primary pupils joined them and they all were privileged to hear the gospel of Christ.

*Sunday, after service*

Personally, I am grateful for that event, not only that it went successful but also the presented teachings were the heart of the gospel. So, I believe it was helpful for them, and in fact it is my prayer that God may work in their hearts. In spite the request of their teachers to be having such events termly, I desire that whatever the opportunity they'll give, may the presentation be ever evangelistic. And also, that the speakers may sometime be uncommon people to them.

I appreciated the support of fare of to and fro that I was given.

**Let us pray for them**

- i. That many of them together with their teachers may come to the knowledge of truth.*
- ii. That they may desire to join a biblical-churches in their local arears.*
- iii. The school may encourage more Weekend Challenges (even termly).*
- iv. That they may have a full-time trained chaplain*
- v. Pray for strength and grace to brother Lokerisa as he weekly labor to minister to them.*
- vi. The school may put more effort in their studies, which would encourage many students to joined that school.*
- vii. The provision of more new speakers to them, in the future Weekend Challenges.*
