

2024 August – Internship Report

Dear brethren,

Greetings in the Lord. It is a joy to me to let you know that I am well, pressing on the fight of faith by the gracious power of God.

I thank God for the month of August. From the beginning to the end of the month, the Lord reminded me of His precious gift of life, that we deserve nothing other than His grace. I had some sharp pains – since the day I requested your prayers for God’s healing, but with time, especially a week after I completed the oral drugs that I was given, I got better though still the doctor wanted to identify the cause of pain. I ended up doing various blood tests, and the results later showed that the bacteria that was attacking my kidneys are no longer there.

After spending more than two weeks in Nairobi for medications, I travelled back to Kitale, assisting brother Teka some few duties (since I am loaded with TPC work). This brother, understood, excused and encouraged me to put more effort to recover the lost time. I hope that before the beginning of our upcoming classes, I will be done with this work.

Having I became busy this way, therefore I failed to travel to Kasei for Women Retreat. But Pastor Lokerisa told me that, they managed to prepare and preach well without hinderance. He also said, the number of women who actively attended the three-days teachings were more than hundred and fifty.

Thanksgiving

- ✓ *For the successful women-retreat at Kasei*
- ✓ *For God’s grace to those brothers (Thomas, Joshua and Andrew) in laboring to prepare and teach*
- ✓ *For my health recovery*
- ✓ *For the undeserving breath we have without payment*
- ✓ *To TBC Nairobi, for the support in my medication.*

Supplications

- *That God may work in the hearts of those women who attended the retreat, to bless for maturity those who are in faith, and regenerate those that have not been in faith*
- *The advancement of the gospel work in West Pokot. And faithfulness of Christians there*
- *That I may be well in my body to be able to continue with ministry work*
- *That I may be challenged of my spiritual life, to worship God more – both in my service and especially in my daily living*
- *Pray for God’s strength to finish my TPC work and for the coming classes*
- *For God’s grace to brother Teka, in the huge work, especially in my absence*
- *For my next-year’s internship, as Teka and I wait a request sent to TBC elders Nairobi*

In Christ,
Muketi
