One day Seminar in village Dhonkal, Wazirabad

Yesterday we went to Wazirabad to conduct a seminar on "Christian Basics". That seminar was very successful. Around fifty people participated in it. All the people who participated in this seminar were very surprised. The pastor who organized the seminar told us that the material was really nice and every boys and girls must read this book. And he also expressed that he is willing to organize such seminars in the future as well.

All the participants who attended the seminar which lasted for about two hours were very impressed. At the end, food was served to all who attended the seminar. After that we will conduct seminars in other areas of Wazirabad. Remember us in your prayers.

In Jesus  
Fiaz
