### About Pakistan Mission

The Broken Wharf Mission in Pakistan began in August 2023. The first project was the translation of the book "Christian Basics." This book was highly appreciated, and several schools and churches acquired it. In many schools, this book is being used as part of the curriculum. After "Christian Basics," the book "Milk for Little Once" was translated into Urdu. This book was greatly liked in Pakistan, and not only churches and schools but also parents showed their eagerness to obtain it. The representative of the Pakistan mission, Fiaz Masih, has distributed this book in several cities across Pakistan.

### Quiz & Gospel Writing Competition

Representative Fiaz Masih of Broken Wharf Pakistan, along with his team, organized two programs this month. In these programs, children memorized all the questions from the Baptist Catechism, and questions were asked based on that. Around fifty children participated. Additionally, a competition was held in Sialkot where children wrote the Gospel of Mark, and they were awarded certificates and cash prizes. Many churches wish to organize similar programs in their areas, so please remember this request in your prayers.
